The Leader in Luxury Travel Experiences

For over 60 years, Abercrombie & Kent has been a pioneer in the world of luxury travel, redefining the notion of what is possible on holiday and delivering travel experiences that change the way travellers see the world, and themselves. We've made it our business to specialise in destinations and itineraries that are extraordinary, creating exquisite adventures handcrafted to exceed the expectations of even the most discerning travellers.

Our People

A&K works tirelessly to design adventures you won't see from any other travel company, backed up by the most robust support network, including over 55 offices in more than 30 countries around the world. Unlike other operators, we recruit, train and manage our own full-time staff, orchestrating every aspect of your journey with precision and flexibility, down to the last detail. Whether it's the seamless flow of an A&K itinerary or the prompt attention paid to an unexpected request, you can be sure that our global family is the driving force making it happen.

A&K's Journey Designers

Our Journey Designers regard travel not as an occasional diversion, but as a calling that stimulates the mind and nourishes the spirit. Exceptionally well-travelled individuals with an average of more than 10 years' travel industry experience, each is an expert in their chosen region of the world. They're also born adventurers who can advise on the best places to visit because they've usually been there themselves already. They're in constant touch with A&K's partners and our network of offices throughout the region and throughout the world, with access to the most up-to-date information at their fingertips. Your Journey Designer also gets to know you as an individual, either through your travel agent or directly with you, one traveller to another, to make sure your journey is everything you want it to be.

Local Presence & Privileges

When you travel with A&K, we don't just take you to the front of the line, we take you into the rooms in the palace not typically open to visitors, on an exclusive tour with the best historian in the region. This kind of unencumbered access to the authentic heart and soul of a place – to the people and sites that exist far beyond the reach of the average traveller – is something we pride ourselves on and ensure we deliver on every journey we create, whether to the most iconic luxury travel destinations across Asia, or to more off-the-grid and under-the-radar places and experiences.

Expert Local Guides

It is often said that a guide can make or break a special journey. We agree. A&K's guides are the best in the world and deliver superlative experiences in every destination. All are blessed with extensive knowledge and the ability to bring local attractions to life. Multilingual and well-travelled, each possesses insight into diverse attractions and cultural interactions throughout the region, enlightening you in every locale with insider information that adds depth to your journey.

A Long-Standing Commitment to Local Communities

Conservation and philanthropy have been integral parts of A&K's operations for decades, long before they became *de rigueur* for other operators. Working hand-in-hand with local villages and communities, we fund schools and clinics and generate opportunities for employment that make a real difference. Grassroots Abercrombie & Kent Philanthropy projects like these are included on several of our journeys across Asia, welcoming our guests to participate in travel that changes lives. See page 40 for more information.

Safety You Can Trust

With experience comes excellence and reliability, and with A&K this translates to peace of mind and security. The safety of our guests is always our priority. Our network of local offices and long-established relationships in every region in which we operate, allows us to keep our finger on the pulse of local dynamics and developments. If unexpected events occur, A&K has resources at the ready to ensure your wellbeing and allow you to safely continue your journey. We adhere to the world's best practices for cleanliness and disinfection; and our local guides and staff follow rigorous health and safety protocols. Our local offices are experienced in handling any situation and have the contacts and knowledge to support guests 24/7.

Discover Asia on a Journey Made Just for You

Your ideal journey starts with a dream, and a deep desire to experience a part of the world in a new way or for the first time. And our Journey Designers are here to create itineraries perfectly suited to your style, your interests and your budget.

Seamless, Ready-to-Travel Suggested Journeys

In this brochure, and in more detail on our website, you will find a range of suggested itineraries exclusively designed by our experts. Each element of each itinerary is carefully considered in terms of guest enjoyment, travel logistics, and how it fits in the overall pace and flow of the journey. Each itinerary is travelled and tested, to ensure we present the destination in the best possible manner in seamless style and comfort. These suggested journeys are all designed to give you an incomparable travel experience and are operated on a private basis for you and your travelling companions. Each is ready-to-book and ready-to-travel on dates to suit you.

Find Your Inspiration

Decades of in-country expertise mean our Journey Designers can curate exceptional activities and experiences for you that are beyond the reach of the average traveller. In each destination, a list of some of these unique experiences is featured. Some of these appear in our suggested journeys, but they can also be pieced together to form the framework for your own bespoke adventure.

No Two Holidays Are the Same

Our suggested journeys are just that, suggested. Should you need to deviate from the proposed route, add a different focus or start from scratch, our Journey Designers are poised to start the conversation with you, or your travel agent, to craft the holiday of your dreams. It's

simple. Tell us where and how you'd like to travel and we'll create or curate a journey to match, with as much or as little direction from you, and drawing on the expertise of locals from our offices throughout Asia. By tailor-making your journey with an A&K Journey Designer, you are assured a unique experience from booking to boarding and beyond.

Itineraries You Won't Find Anywhere Else

With our unrivalled knowledge, A&K can create journeys that feature iconic destinations and perfect pacing, all seamlessly orchestrated for the luxury traveller. These are journeys that unfold with the narrative flow of a good book or a great film. Our approach and network advantages also bring practical benefits, including tailored transfer and flight routings to allow for extra time exploring, and longer stops in the places you most want to see.

Genuine, Cultural Immersion

We ensure every one of our journeys includes authentic cultural encounters. Imagine strolling the market of a little-known village alongside a friendly local – your A&K guide – who grew up just down the street and has probably known some of the vendors their entire life. They make warm introductions and suddenly you are taking a bite of some exotic fruit picked just that morning. Our guides offer the kind of insight into local culture that can only come from being a local. The result is a journey that reveals the real spirit of the people, and the place, in a way you'll never forget.

Truly luxurious accommodations that inspire, enhance & delight

The quality of the accommodation we use is one of the many things that sets an A&K journey apart. On all handcrafted private and small group journeys, we select only the most remarkable hotels, boutique lodges and ships, each of which must combine superior service, a sense of place, local character and unanticipated luxuries.

Award-Winning, Iconic Hotels

When luxury is what you're looking for, there's no reason to settle for second-best. Our local experts choose only the very best hotels in a given destination. In many cases, their choice will be the undisputed local favourite, synonymous with five-star style, often a *Condé Nast Traveler Gold List* or *Travel + Leisure World's Best* property. But the choice might also be a whispered secret, a better option, a small but perfectly-formed boutique property with a certain significant atmospheric, experiential or locational advantage. This firsthand knowledge allows us to recommend the perfect fit for you and your itinerary.

One-of-a-Kind Locations

When considering a hotel, our experts look at more than just the rooms. Wherever possible, we arrange for you to stay close to the places you most want to see, close to the people you'll most enjoy meeting, and close to the experiences you'll most enjoy discovering. We'll choose the right option from within the region's best properties, whether historically iconic, coveted high-design or supremely located on the edge of a wilderness.

Celebrate with Family and Friends

At A&K, we love curating exceptional holidays for you, your family and your friends, so that you can share journeys that matter to the world's most extraordinary destinations.

Whether you're gathering to celebrate a special milestone – a big birthday, anniversary, honeymoon or wedding – or simply a family get-together, we recognise that shared experiences are the most memorable, and we know how to tailor the journey to suit every dynamic.

Our Journey Designers can create magical moments for every generation travelling. Imagine the look on a child's or a parent's face when they see a giant panda in Chengdu, the fun of a hands-on family cooking class in Thailand, or the friendly sibling rivalry on the last leg of a bike excursion in Vietnam.

Multi-Generational & Family Holidays

Asia is an intriguing destination for all ages, combining rich cultural experiences with vibrant cuisines and outdoor adventures 'Jungle Book' style. Some of our favourite family activities include:

- Cycling through the countryside around Hoi An, past rice fields, along canals and down waterways watching life go by. Watching local artisans at work and visiting local farms and market gardens along the way, choosing produce and preparing lunch.
- Volunteering at the Dujiangyan Panda Base near Chengdu, where important research is being done on disease prevention and the rehabilitation of these extraordinary and endangered creatures.

A&K Milestone Celebrations

One of the best ways to mark a special occasion is to take up residence in your own fully-staffed villa or aboard your own luxury vessel. You decide who the guests are, and you set the daily timetable.

A&K has access to some extraordinary seaside properties in Thailand, a former imperial retreat in Japan, a private tented haven deep in the heart of the Cambodian rainforest or a junk on Halong Bay – all perfect venues for a milestone celebration or a multi-generation family adventure.

You'll find these unique opportunities on many of our journeys, affording a wealth of interactions and insights you won't find anywhere else. Whether celebrating a newly opened school or the beauty of an ecosystem brought back from the brink, these visits forge memories that last a lifetime.
